The Village identified Grand Avenue, Lawn Drive to Linden Circle, as a concrete reconstruction and green infrastructure improvements project for 2021.

A second public meeting is scheduled for October 21st, from 5pm – 7pm on Grand Avenue in Ridgewood Park. The meeting will be in an open house format and residents may arrive at any time to view exhibits of roadway and green infrastructure improvements and provide feedback on planting materials. Staff and HR Green, the design engineer for the project, will be available to answer questions and record comments. Residents are highly encouraged to attend and provide feedback on the project as the introduction of green infrastructure in the Village owned right-of-way will be an aesthetic change to the area.
