Dear Resident:

The Village of Western Springs will be reconstructing Rose Avenue between Oak and Maple as well as Grove Avenue between Chestnut and Oak. The Village is also planning to reconstruct Grove Avenue between Oak and Ogden though that construction contract is not yet finalized at this time. In addition to the pavement reconstruction, new water mains will be installed on Rose as well as on a portion of Grove (Chestnut to Maple).

A public open house meeting is scheduled for July 19, from 6:00 PM to 7:30 PM. The meeting will be held at Laidlaw Elementary School (4072 Forest Avenue). The meeting will be held outside on the school property. Should there be inclement weather the meeting will be held inside the school.

The meeting will be conducted in an open house format and residents may arrive at any time to view exhibits of the improvements. Village Staff and Baxter & Woodman, the design engineer for the project, will be available to answer questions. Residents are encouraged to attend.

The construction project is anticipated to begin in late July/Early August. Residents are encouraged to visit the project's website at www.wsprings.com/rosegrove. The project website contains additional information and project updates.

If you have questions or concerns about the project, please call me at 708-246-1800 ext. 202 or email me at jkoza@wsprings.com.

Sincerely,

Jeff Koza, PE

Director of Engineering Services/Village Engineer
